

L3 Criminology

**Explore issues
around crime and
the criminal justice
system**

Why choose this subject?

Explore the complex world of crime, justice, and social response. Criminology offers a thought-provoking look at why people offend, how society reacts, and what influences criminal behaviour. Through real-life case studies and contemporary issues, you'll develop critical thinking, analytical skills, and a deeper understanding of the systems that shape our communities.

What will I study?

Eduqas Level 3 Criminology introduces you to the causes of crime, how it's investigated, and how society responds. You'll explore theories of criminal behaviour, the justice process, and the effectiveness of punishment—all through applied learning and real-world scenarios.

Where can this subject take me?

Criminology can lead to careers in policing, probation, youth justice, social work, forensic services, and victim support. It also opens doors to roles in law, policy-making, and community safety.

Entry Requirements

**4 GCSE English
Language
or
Literature**
